Taha wairua

I like to go to the beach with my family and our dogs. We like to go kayaking. We hear the waves crashing into the rocks. We see the seagulls flapping their wings in the sky. We feel the hot sand in the hot sun. I taste the nice fish and chips while the seagulls are chirping. We smell the ice cream coming from the fish and chip shop. Then we had a little walk. Then we went home.
